

Free pattern for November – Snuggly boots

This pattern fits:

- Kidz N Cats
- Magic Attic/Carpatina
- Journey Girls
- The pink pattern labeled H4H fits Hearts for Hearts but those boots are too small to line with fleece

Notes:

- Seam allowances are $\frac{1}{4}$ " unless otherwise specified.
- **Print the patterns with no scaling. There is a mark on each page showing an inch. Match that to a ruler and make sure it's correct.**
- Check my blog for **free patterns here:** <http://jenwrenne.wordpress.com>
- This pattern is copyrighted by me and may not be sold. If you sell things made from this pattern I would appreciate credit for the pattern design.
- Note that in the directions the seams are on the OUTSIDE and the fleece was added to make it look like sheepskin. You can also omit fleece and turn the boots so seams are inside when you're done
- What about making them in fake fur? Fringed suede? Embroidered velvet?

1. Layer felt with fleece and cut out pieces
2. Sew toe to upper front as shown

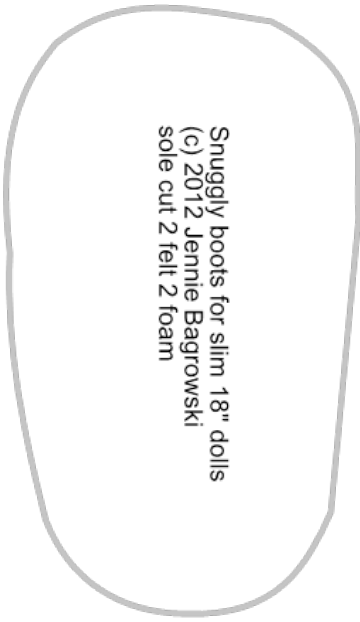

3. Attach Velcro to backs – *Note – for a non-opening boot you can just overlap the pattern pieces as shown below and omit the Velcro. This works fine over bare feet and thin socks but if you're tucking pants into the boots you may want Velcro.

4. Sew sides together, close Velcro and sew to sole. If desired, cut another sole out of craft foam and glue to bottom
